

## Kaltura Categories for Data Fields: Area and Department Relationships

*This list merely represents a set of relationships between two data fields in Kaltura for providing metadata to videos, audio and large files in Kaltura for ease in searching and finding. It does not represent any supervisory or new structures for programs and departments at NIC. This is just a way to organize the users of Kaltura. Due to the size of Arts, Science and Technology Faculty, separate groupings have been presented for ease of use. June 2020*
