NORTH ISLAND COLLEGE NIC

Student AI Disclosure Form

Name:

Date:

Instructions: *Select the appropriate tool(s) and use(s) of AI for your assignment. Note that you may only use AI as permitted, so please follow all the instructions provided by your instructor. Attach the completed form to your assignment. Contact your instructor if you have questions.*

Tool(s) Used:

☐ OpenAI ChatGPT ☐ Microsoft Copilot ☐ Google Gemini ☐ Anthropic Claude
☐ Other:

The following levels of AI assistance relate to NIC's 6 laneways. Indicate below the level of AI used in your assignment. Your instructor will specify which laneway(s) are permitted.

☐ Lane 1- No AI

This lane ensures that your **work reflects your own understanding** and aligns with course outcomes **without the use of AI tools** (e.g., in-class discussions, written documents, quizzes, tests, and invigilated exams).

- ○ No AI assistance

☐ Lane 2 – AI as a Study Tool (AI Used as a Study Companion or Tutor)

- ○ No AI assistance
- ○ Minimal AI assistance (e.g., preparing review materials)
- ○ Moderate AI assistance (e.g., used as supportive tutor or study companion)
- ○ Significant AI assistance (e.g., collaborated with other students to create study guides and personalized tutor sessions)

☐ Lane 3 – AI for Idea Generation (AI Used to Enhance Brainstorming)

- ○ No AI assistance
- ○ Minimal AI assistance (e.g., initial brainstorming)
- ○ Moderate AI assistance (e.g., generating structure of assignment)
- ○ Significant AI assistance (e.g., expanding on initial thoughts, generating draft copy, code, image, music, or artwork)

☐ Lane 4 – AI as Editor (AI Provides Feedback for Improvement)

- ○ No AI assistance
- ○ Minimal AI assistance (e.g., identifying grammar and spelling errors)
- ○ Moderate AI assistance (e.g., applying style suggestions)
- ○ Significant AI assistance (e.g., making content enhancements or comprehensive edits)

Lanes 5 and 6 require AI use as part of the assignment, so "no AI assistance" is not an option.

☐ Lane 5 – AI as Output Evaluated (AI Results are Critically Evaluated)

- ○ Minimal AI assistance (e.g., evaluation of outlines or initial research)
- ○ Moderate AI assistance (e.g., evaluation of summaries or first drafts)
- ○ Significant AI assistance (e.g., evaluation of final draft)

☐ Lane 6 – Full AI (AI is Integral to Assessment)

- ○ Minimal AI assistance (e.g., used as assistant to organize thoughts and integrate various viewpoints)
- ○ Moderate AI assistance (e.g., used to draft outline, suggest structure, or provide initial content to build on and refine)
- ○ Significant AI assistance (e.g., used to generate summary from group discussion, collate research findings into report)

Explanation:

Describe on the following page each way you used AI. Include appropriate documentation (e.g., prompts, outputs, etc.) as required. Or describe why you did not use AI and what other strategies you used in your process.
